

REMARKS

Applicants amended claims 1, 17, and 33 to change certain instances of “one server engine” to “the service engine” to clarify the antecedent basis of this changed element.

Applicants amended claims 15, 31, and 47 to change “authentication” to “authentication information”, which is the term used in the subsequent limitations.

Applicants further amended claim 17 to recite the “issuing method calls” limitation as a “means for issuing method calls.....” because the other functional limitations of the client system are also expressed in “means” language.

Applicants request the Examiner to enter these clarification amendments to the claims.

Applicants further acknowledge receipt of the Examiner initialed form 1449 that Applicants initially submitted on September 1, 2005.

Applicants submit that no new claims or new matter has been added to the application. Nonetheless, should any additional fees be required, please charge Deposit Account No. 09-0460.

The attorney of record invites the Examiner to contact him at (310) 553-7977 if the Examiner believes such contact would advance the prosecution of the case.
